

## Accessibility Statement

If you use assistive technology (such as a Braille reader, or a screen reader) and the format of any material on this website interferes with your ability to access information, please [contact us](#).

To enable us to respond in a manner most helpful to you, please indicate the nature of your accessibility problem, the preferred format in which to receive the material, the web address of the requested material, and your contact information.

### Accessibility Design Guidelines

Our website has been designed with the following accessibility guidelines in mind:

- We work to comply with [Section 508](#) as well as [WCAG 2.1 Level A and AA](#) referring to website accessibility standards.
- If you have difficulty accessing the site or have any comments or feedback, please do not hesitate to [contact us](#).

### Browser Accessibility Information

Many popular browsers contain built-in accessibility tools.

- [Chrome Accessibility Information](#)
- [Firefox Accessibility Information](#)
- [Microsoft Edge Accessibility Information](#)
- [Safari Accessibility Information](#)

### Supported Assistive Technology

- Latest Version of [JAWS](#) for Windows
- Latest Version of [NVDA](#) for Windows
- Latest Version of [VoiceOver](#) for Mac OS X

# Our Accessibility Commitments

In addition to meeting WCAG 2.1 AA standards, we are committed to:

## Mobile & Touch Accessibility

- Our website works in both portrait and landscape orientations
- Touch targets are sized appropriately for easy interaction
- Complex gestures have simple alternatives

## Visual Accessibility

- Content reflows properly when zoomed up to 400%
- User interface elements maintain sufficient color contrast
- Text spacing can be adjusted without breaking functionality
- Hover and focus content can be dismissed and remains visible

## Keyboard & Input Accessibility

- Character key shortcuts can be turned off or remapped
- Multiple input methods (keyboard, mouse, touch, voice) are supported

## Screen Reader Support

- Status messages and notifications are announced without requiring focus
